Reasons for Allowances

The following is an examiner's statement of reasons for allowance: as opposed to Li, et al., US Publication No. 2003/0151031 A1, the application claim 1, lines 6-10, contains the feature of a porogen selected from a group consisting of polypheylene sulfide and polybutylene teerephthalate. The prior art of record fails to teach, in combination, the process features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William M. Brewster whose telephone number is 571-272-1854. The examiner can normally be reached on Full Time.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Matthew Smith can be reached on 571-272-1907. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
